

RISK MANAGEMENT PROFESSIONAL (PMI-RMP)[®]

COURSE OVERVIEW

The PMI Risk Management Professional (PMI-RMP)[®] highlights your ability to identify and assess project risks, mitigate threats and capitalize on opportunities. In this capacity, you enhance and protect the needs of your organization.

Gaining distinction as a PMI-RMP[®] sets you apart from other professionals and brings credit to your organization. Eighty-three percent of organizations that are high performers in project management practice risk management frequently while just 49 percent of low performers do so. The practice contributes to a handsome payoff: high performers meet their goals 2.5 times more often and waste 13 times less money than low performers, as found by the PMI's 2015 *Pulse of the Profession*[®] report.

WHO SHOULD ATTEND?

If you have advanced knowledge and experience in risk management, or if you are a project manager focused on project risk management, including for large projects and/or complex environments, then the PMI-RMP[®] is an excellent choice for you.

ACCREDITATION

ProjectPro is a Registered Education Provider (REP) no. 3618 with the Project Management Institute (PMI)[®] and Project Management South Africa (PMSA) no. 0027

BENEFITS

With your advanced skills in risk management, you perform a specialized function attuned to the needs of a project environment that is increasingly global, virtual and complex. For the PMI-RMP will validate your specialized expertise and help you stand out to employers, stakeholders and peers.

WHY OUR COURSE?

ProjectPro aim to promote excellence in project management through providing high quality services and accredited training and assessment, to the standards and global project management best practices of:

- ◆ South African Qualifications Authority (SAQA)
- ◆ International Organisation for Standardisation (ISO)
- ◆ Project Management Institute (PMI)

ProjectPro, has trained hundreds of candidates to pass the PMI® credential exams, offers 2-day workshops to prepare candidates for the PMI-RMP® exam. The volatile business environment, intense competition and pressures to complete projects on accelerated schedules are some of the reasons why qualified risk management professionals are needed on project management teams. The PMI recognizes the importance and special qualifications needed to be a project risk management professional and the globally recognised PMI-RMP credential will substantiate the applicant's knowledge, skills and experience in this area.

PREREQUISITES:

- ◆ Secondary degree (high school diploma, associate's degree, or the global equivalent)
- ◆ 4,500 hours of project risk management experience
- ◆ 40 hours of project risk management education

OR

- ◆ Four-year degree (bachelor's degree or the global equivalent)
- ◆ 3,000 hours of project risk management experience
- ◆ 30 hours of project risk management education

SUCCESSFUL CANDIDATE ON HIS FIRST TRY

Dylan Chetty attained the elite Program Management Professional (PgMP) certification from the Project Management Institute. He did his PgMP preparation workshop through ProjectPro and passed the rigorous exam and multi-rater assessment on his first attempt. Congratulations Dylan!
