- ◆ **Project Management Professional (PMP)**
- ◆ **Certified Associate in Project Management (CAPM)**

You've been thinking of becoming internationally certified as a project manager for some time now. Years maybe? But there just isn't enough time in your hectic project schedule to break away for a few days to attend a course.

Your colleagues who are already certified Project Management Professionals (PMP) or Certified Associates in Project Management (CAPM) seem to be forging ahead with their careers. They bit the bullet and made the tough decision to go for the Project Management Institute certification exams. So should you.

ProjectPro has a win-win solution for you.

Consider the following after-hours PMP/CAPM workshop options offered in any location in Southern Africa if there are sufficient candidates:

- ◆ Saturday morning public workshops from 09:00 to 13:00 in Gauteng
- ◆ Saturday in-house course at your company's venue.

You will benefit - your projects will benefit.

Be decisive! Email ProjectPro today for details on training@projectpro.co.za to get the ball rolling.

Burger Swart, CAPM

"I wrote and passed the Certified Associate in Project Management (CAPM) exam at the first try. I will one day look

back at the ProjectPro course as the turning point in that decision"

Jacqui Baldwin Jarvis, PMP

"I attended your Project Management Professional preparatory workshop and

registered for the PMP exam shortly thereafter and wrote the exam. I am thrilled to report that I passed and want to thank you for putting me through the paces at the prep workshop."

Zakhele Dube, PMP

"I obtained my PMP certification. This was the most testing exam I ever

had to take but I was well prepared for it, thanks to the ProjectPro Prep Course. I attended the in-house Prep courses (ABB) with Terry Deacon, and read a couple of books together with the PMBOK® Guide."
